## MUSIC PERFORMANCE GRADES

### Syllabus (Section 3)

from 2022

**ABRSM Grades 1 to 8**

This syllabus is specific to Singing for Musical Theatre and is part of the main *Qualification Specification: Music Performance Grades*. The remainder of that specification provides other relevant information for those preparing for Performance Grades exams and applies to all subjects (instruments/voice). It can be found at [www.abrsm.org/performancegrades](http://www.abrsm.org/performancegrades) and should be read when preparing for an exam.

## IN THIS JANUARY 2022 EDITION

- We have added more songs from recently-released shows and rediscovered favourites to the song lists. No songs have been removed.
- Newly added songs are marked with **NEW** in the syllabus and can be performed in exams after January 2022.

No overlap applies to this syllabus update as we have only added content and not removed any songs.

Occasional changes to publication details or other minor corrections will be posted at [www.abrsm.org/syllabuscorrections](http://www.abrsm.org/syllabuscorrections).

The changes above are in addition to the following recent changes that have been applicable since September 2021.

- We have provided additional guidance for the performance as a whole component of the exam.
- We have made a change to the own-choice song requirements to allow unpublished repertoire, including candidates' own compositions.
- We have changed our policy on the use of the same song(s) in more than one exam; this is now allowed.
- We have updated the Programme form - in particular, the Candidate ID should now be provided.

A range of updates have also been made to the text to further clarify the existing requirements and information, based on queries and feedback received since the Performance Grades qualification was launched in summer 2020.

The overarching *Qualification Specification: Music Performance Grades* document, which has other important and relevant information for those preparing for Performance Grades, has also been significantly updated (applicable since September 2021).

## DIVERSITY

ABRSM is committed to creating greater diversity, equality and inclusion in the field of music and we are actively working to achieve this across key areas of our operations, including the content of our syllabuses.

Musical Theatre has a long history, enriched by the range and depth of its composers and arrangers, characters, performers, cultures, intentions and themes. This complex nature currently makes it extremely difficult to properly represent a broad historical sweep of the genre without including pieces which may contain outdated attitudes and cultural stereotypes.

We are working to reduce the significance of all such pieces within the syllabus. In the meantime, we draw attention to the nature of the contents of some pieces featured here - not simply as a warning to customers but so that we can learn from them too.

We will continue raising awareness of such issues as we make progress on our broader diversity commitments.

## 3. PERFORMANCE GRADES SYLLABUS

### INTRODUCING THE QUALIFICATION

Performance Grades are new qualifications from ABRSM, introduced in 2020 to run alongside our long-standing and respected Practical Grades. They allow learners to focus on and showcase their performance skills if that is their preference. This additional suite of qualifications has been designed to allow learners to play to their strengths and interests and still have their level of achievement formally recognised with a regulated qualification that attracts UCAS points (in the UK) at Grades 6 to 8. Performance Grades are accessible exams given their sole focus on performance, without the assessment of any supporting tests. Instead they encourage the selection of appropriate repertoire to be delivered in a sustained performance, even at the earliest levels.

Musicians learn to sing, explore and perform repertoire, which is why songs, and the way they can be combined to create a convincing and sustained performance, are the focus of the exam. For Performance Grades, candidates are asked to present four songs at each grade.

ABRSM Performance Grades draw on the same repertoire set for our Practical Grades. This syllabus repertoire is organised into lists, which explore different characters and styles of music, with songs from shows dating from the 1920s to the present day. Choosing repertoire from different lists gives candidates the opportunity to perform a balanced selection and demonstrate a range of skills.

Since Performance Grades focus on performance alone, the choice of repertoire is important, and attention should be given to the way songs are contrasted, the order in which they are presented, and the different moods and characters they inhabit. This will enable candidates to demonstrate their ability to deliver a coherent and convincing performance event, not just a series of individual songs. Credit for this is given through the performance as a whole assessment criteria that are applied.

### PERFORMANCE GRADES: REQUIREMENTS AND INFORMATION

***The syllabus repertoire is valid after January 2022 until further notice.***

This section provides a summary of the most important points that teachers and candidates need to know when taking ABRSM Performance Grades in Singing for Musical Theatre. Further details, as well as administrative information about the exams, are given in ABRSM's Exam Regulations (available at [www.abrsm.org/examregulations](http://www.abrsm.org/examregulations)) which should be read before making an exam booking.

### PERFORMANCE AS A WHOLE

Performance skills are at the heart of Performance Grades, and go beyond the preparation of individual songs. Designing programmes that play to learners' strengths as performers, and then delivering them with a real sense of musical intent and communication, is central to musical development. This also builds stamina, and embeds the technical control required to sing a whole programme through, including managing the transitions from one song to another. Finding ways to put across the mood and character, and really get inside the style of different types of repertoire, as well as arranging songs into coherent and compelling programmes will in turn increase learners' knowledge and understanding of music more broadly.

For full details of how the performance as a whole component of the exam is assessed, see Section 4 of the *Qualification Specification: Music Performance Grades*.

## SELECTING REPERTOIRE

**Number of songs:** Candidates present four accompanied songs in one continuous performance. They choose at least one song from each of the three lists (A, B and C). The fourth song at all grades can be from the repertoire lists or an accompanied song of the candidate's choice. The songs can be performed in any order. See further programming requirements within this 'Selecting repertoire' section before finalising choices.

**Own-choice song:** The following options and restrictions apply to the own-choice song selection:

- The song must be accompanied and be in a musical-theatre style.
- The song should be broadly the same standard, or above, as repertoire set for the grade being taken (prior approval from ABRSM is not needed, and can't be given).
- The song may be chosen from any of the repertoire lists set for the grade, as long as all other requirements within this 'Selecting repertoire' section are also met, including the minimum duration. Performing all four songs from the lists gives no advantage.
- The song may be a candidate's own composition or arrangement (see 'Own composition').
- The song must exist in a legible and fully-notated score using standard music notation (e.g. not in tab) and must be performed as notated in that score.

In cases where there is a concern about the standard of an own-choice song presented, ABRSM reserves the right to request a copy from the Applicant where we cannot readily access one ourselves. This may delay the issuing of the exam result.

- The song must not last less than the following timings for each grade (unless the overall programme time would be exceeded; see 'Programme times'):

	Grade							
	1	2	3	4	5	6	7	8
<b>Minimum duration</b> (mm:ss)	00:25	00:30	00:35	00:45	01:00	01:30	02:00	03:00

The duration for each grade is the minimum time required in order to demonstrate the breadth and depth of skills required, including stamina.

The other programming requirements described in this 'Selecting repertoire' section must also be met.

**Programme times:** The overall performance, including transitions between songs and the inclusion of one longer break if taken (see 'Break'), should not exceed the maximum programme time set for the grade, as shown in the following table. The programme time is the duration from the first note of the performance to the last. The examiner may stop listening to the recording if the candidate's performance goes over the maximum programme time.

	Grade							
	1	2	3	4	5	6	7	8
<b>Maximum programme time</b> (minutes)	6	7	8	10	12	15	20	25

**Break:** Candidates may take one break during their performance if they wish. The break must not exceed the time allowed for the grade as shown in the following table. The exam recording must not be paused or stopped during the break.

	Grades	
	1 to 5	6 to 8
<b>Maximum break time</b> (minutes)	1	2

**Accompaniment\*:** A live piano accompaniment is required for all songs. Recorded accompaniments are not allowed.

Candidates provide their own accompanist. The teacher may accompany, but candidates may not accompany themselves. If necessary, an accompanist may simplify any part of the

\* Given COVID-19 social-distancing requirements, we are temporarily relaxing the live accompaniment requirement for exams. Details of the options available can be found at [www.abrsm.org/performancegrades](http://www.abrsm.org/performancegrades).

accompaniment, as long as the result is musical. Lengthy instrumental/piano solos should not be played unless specified in the syllabus.

The accompanist may use a page-turner (prior permission is not required; the turner may be the teacher).

**Composers:** Up to two songs by the same composer may be performed.

**Own composition:** ABRSM welcomes the inclusion of candidates' own compositions, or arrangements, to be performed as their own-choice song. We will not judge or provide feedback on the structure or quality of the composition, only the performance of it. However, as with any other own-choice song, the technical demand of the composition must be broadly the same as repertoire set for the grade being taken.

**Languages:** Songs may be sung in their original language or in a singing translation in any other language.

**Keys:** At Grades 1 to 7 all songs may be sung by any voice and in any key. At Grade 8 all songs may be sung by any voice, and in a key up to one tone higher or lower than any of the keys in the listed editions for a song only; this applies even if singing from a different published edition. Own-choice songs at all grades may be sung by any voice and in any key. Many songs are available published in different keys, and candidates/teachers may make their own transpositions. The key of each song should be chosen carefully to ensure it is appropriate for the candidate's voice.

For guidance, the syllabus shows the published keys and vocal ranges for all songs (except for songs that are in more than one key, in which case only the vocal range is shown). Keys, where applicable, are shown for all editions of songs listed. The vocal range is shown for the first-listed edition only (unless there are slight variants in range between editions).

The vocal ranges are presented according to the following scheme:

**Repertoire lists:** There is a broad range of songs set on the syllabus, to suit different voices and to appeal to candidates of different ages and backgrounds. Not every song will be suitable for every candidate because of vocal range, content (themes, lyrics) or the wider context (historical, cultural, subject matter of the show). We advise that songs are chosen carefully for their appropriateness to each individual, which may require consultation between teachers and parents/carers. A parental guidance symbol (PG) is shown in the repertoire list where the content and/or context of the song or musical may have some mature themes.

The repertoire lists are the same as for ABRSM Practical Grades. Candidates intending on taking both qualifications at the same grade may find their musical development benefits from preparing different songs for each.

**Exam music & editions:** Candidates may use any edition of their choice; this includes editions that are downloaded. Editions have been listed for guidance only. Many of the songs are available in a large number of collections and editions. Information on sourcing exam music is given on page 7.

**Lyrics:** All songs may be sung by singers of any gender, and candidates may change pronouns and gender-specific words. Some songs include parts for different characters in which case candidates should sing them straight through as a solo, unless we have specified a particular part in the lists. Candidates are welcome to adjust lyrics to make a multi-character song work as a solo.

**Verses & repeats:** Songs must be performed complete, including standard repeats and DS/DC markings, with the following exceptions:

- where the repertoire list specifies 'without repeats' (this applies to standard repeats) or 'without DS/DC'. (If there are different lyrics, candidates can choose which lyric to sing.)
- where the repertoire list specifies cuts or other instructions.

- where there is a standard repeat mark (including first-time bars) indicated in the score but words and music are exactly the same, in which case the repeat need not be sung.

Where cuts are indicated in the syllabus, they are specified to make songs suitable for exam purposes. A suitably adjusted piano introduction, ending or bridging passage may be needed.

Candidates may, however, choose to include repeats, extra verses or sections that would be cut following the syllabus instructions as long as the maximum programme time is not exceeded (see 'Programme times').

## PREPARING FOR THE EXAM

**Programme form & pre-performance procedures:** Candidates should complete a programme form and show it to the camera, for approximately five seconds, at the start of the exam recording. A form that can be printed and completed is provided on page 126. Alternatively, the required information can be written on a blank piece of paper. The song information required should be given in the order the songs will be performed.

As well as showing the form to camera, candidates should show the opening of their own-choice song and announce themselves and their songs before beginning their performance. Candidates taking a Grade 6, 7 or 8 must additionally show a form of photographic identification to the camera. This is because these qualifications can be used either as a prerequisite for higher grades and diplomas, or as part of a university application.

If preferred, a Responsible Adult present may show the form and music to camera (but not the ID, where applicable) and make the introductory announcement, as this does not form part of the performance. The assessment of the performance begins on the first note of music played/sung.

More information on all of the above is given in the Guidance for Music Performance Grades available at [www.abrsm.org/performancegrades](http://www.abrsm.org/performancegrades).

**Interpreting the score:** Whether a song contains printed musical indications or not, candidates are encouraged to interpret the score in a musical and stylistic way. Examiners' marking will be determined by how candidates' decisions contribute to the musical outcome of each individual song and to the performance as a whole.

**Performing from memory:** All songs must be performed from memory.

**Ossias:** Where an ossia (alternative musical line or note) occurs in the music, candidates may choose either option unless the repertoire list specifies differently.

**Copyright:** Performing from unauthorised photocopies (or other kinds of copies) or illegal downloads of copyright music is not allowed. In the UK, copies may be used in certain limited circumstances – for full details, see the MPA's *Code of Fair Practice* at [www.mpaonline.org.uk/mpa-guidelines](http://www.mpaonline.org.uk/mpa-guidelines). In all other cases, application should be made to the copyright holder before any copy is made. Care should also be taken when making arrangements, as permission will be required in the case of copyright music.

Candidates and Applicants are expected to act within the law with regard to copyright. ABRSM may withhold the exam result where we have evidence that this is not the case.

**Sourcing exam music:** Exam music is available from music retailers and online, including at the ABRSM music shop: [www.abrsm.org/shop](http://www.abrsm.org/shop). Every effort has been made to make sure that the publications listed will be available for the duration of the syllabus. We advise candidates to get their music well before the exam in case items are not kept in stock by retailers. Non-exam related questions about the music (e.g. editorial, availability) should be addressed to the relevant publisher: contact details are listed at [www.abrsm.org/publishers](http://www.abrsm.org/publishers).

## GRADE 1

**FOUR ACCOMPANIED SONGS:** from memory; at least one chosen by the candidate from each of the three Lists, A, B and C (listed below), and a fourth of the candidate's own choice. For further programming requirements, see pages 5–7.

**PARENTAL GUIDANCE:** a **PG** symbol is shown in the song list where there is known potential for mature content or context in a song or show, but this is not exhaustive. We strongly advise that songs are chosen carefully for their appropriateness to each individual.

## GRADE 7

**PREREQUISITE FOR ENTRY:** ABRSM Grade 5 (or above) in Music Theory, Practical Musicianship or a Practical Grades solo Jazz instrument. For alternatives, see [www.abrsm.org/prerequisite](http://www.abrsm.org/prerequisite).

**FOUR ACCOMPANIED SONGS:** from memory; at least one chosen by the candidate from each of the three Lists, A, B and C (listed below), and a fourth of the candidate's own choice. For further programming requirements, see pages 5-7.

**PARENTAL GUIDANCE:** a **PG** symbol is shown in the song list where there is known potential for mature content or context in a song or show, but this is not exhaustive. We strongly advise that songs are chosen carefully for their appropriateness to each individual.
